Galveston, Texas (January 31, 2018) — Spring break is almost here and Moody Gardens is offering new attractions and experiences to provide an enjoyable daytrip or extended vacation at one of the most popular tourist destinations in Texas. There is even a limited-time online discount on the One-Day Value Pass to provide spring breakers the best deal for admission to all of the Moody Gardens attractions.

New Action-Packed 4D Movies

Guests will find themselves in the middle of the action when Moody Gardens features *Shark: A 4D Experience* and *San Andreas 4D Experience* inside its 4D Special FX Theater.

Come face to face with some of the world's most strange and mysterious shark species in *Shark: A 4D Experience* with breath-taking underwater visuals in this film that highlights 10 shark species and their unique behavior. Guests can also experience a heart-racing adventure that will keep them on the edge of their seats with *San Andreas 4D Experience*. When the infamous San Andreas Fault gives way, it triggers the largest California earthquake in history. Jump right into the action as a search and rescue helicopter pilot, played by Dwayne Johnson, and his estranged wife avoid the massive destruction of California to save their only daughter.

Dream Big in 3D this Spring Break

Giant screen movie-goers will soar above the world's tallest bridge and travel at speeds approaching 700 miles per hour with MacGillivray Freeman's *Dream Big 3D: Engineering Our World*, playing inside the MG 3D Theater.

From the Great Wall of China and the world's tallest buildings to underwater robots, solar cars and smart, sustainable cities, *Dream Big 3D* showcases engineering marvels big and small. With its inspiring human stories – including a young woman engineer building bridges in underdeveloped countries and an underprivileged high school robotics team that succeeds against all odds – reveals the compassion and creativity that drive engineers to create a more sustainable future for us all.
