**SPRING BREAKERS CAN MEET AND CRUISE ON THE BAY WITH JEFF CORWIN**

*Emmy award winning conservationist to visit Moody Gardens as guests enjoy a cruise, film and more*

**GALVESTON, Texas (January 22, 2020)** – Visitors are invited to venture out with Jeff Corwin this Spring Break at Moody Gardens with opportunities for a morning cruise, a viewing of his new film along with a presentation and Q&A sessions as they learn about the bay.. The Emmy award winning Biologist and Wildlife Conservationist will join Moody Gardens' guests for a day of exploration and education on March 7.

Corwin is the narrator of the new Giant screen film "Expedition Chesapeake: A Journey of Discovery," currently playing at the MG 3D Theater at Moody Gardens. The film takes viewers on a journey from New York to Virginia to explore the country's largest estuary. It also encourages audiences to appreciate the value of the Bay but to also take steps to support long-term conservation efforts in their communities.

Before screenings of "Expedition Chesapeake: A Journey of Discovery," Corwin will be on hand to present his expertise on this estuary along with the vital need to conserve our resources and raise environmental awareness.

The film draws parallels from the local community as Galveston Bay is also an estuary and has many of the same species calling it home. Guests can embark on a special cruise aboard the Colonel Paddlewheel Boat for "On the Bay with Jeff Corwin." On March 7 guests can join him and representatives from other local organizations as they interpret Galveston Bay and the role it plays in our ecosystem with some exciting hands-on activities. On the Bay cruise will be from 9 a.m. to 11 a.m. Tickets are \$40 per person and includes grab and go breakfast. Tickets can be purchased at [www.moodygardens.org/justcoast](http://www.moodygardens.org/justcoast).

"We are pleased to be able to offer our guests a fun and educational experience as Jeff Corwin shares a common purpose of promoting conservation," said Moody Gardens President and CEO John Zendt. "Jeff's background and expertise fits right in with our mission as we hope to inspire and educate our guests."
